**FORNITURE**  
FOTOVOLTAICHE SRL

**SOLUTIONS FOR  
PHOTOVOLTAIC INSTALLATIONS**

# OUR STORY

**Forniture Fotovoltaiche** is **KALOS** partner a company operating in the field of business mediation. Created in 2005 by the **Paolicelli** family to fill a gap in the business landscape of Southern Italy, it is an organisation specialised exclusively in the brokerage of **Renewable Energies**.

The company's main objective is to extend the immense potential of clean energies in an increasingly effective way, enhancing the territory and giving European and international visibility to the business partners with which it collaborates, channelling competences and creating synergies to achieve economies of scale that can benefit the territory.

## TECHNICAL SPECIFICATIONS

### Photovoltaic power + 50% inverter power

Lightning protection, high precision leakage control

APP connection, eSolar all data in real time

Silent, negligible acoustic impact

Low power consumption in sleep mode, high efficiency high performance

Remote maintenance and configuration

Remote maintenance and configuration

Output Power Range

**Main Features**

Global Tier 1 brand with state-of-the-art automated manufacturing and independent certification

Lowest thermal power ratio in the industry

12-year warranty

Excellent performance with low radiation

Excellent PID resistance

Positive power tolerance (0~+3%)

100% two-stage EL inspection guaranteeing a defect-free product

The Imp Bin module radically reduces chain misalignment losses

Excellent mechanical resistance to wind 2400Pa and snow 5400Pa

Full product and system certification

- ◆ IEC61215:2016; IEC61730-1/-2:2016;
- ◆ NTC ISO 9001: 2015 Quality Management System
- ◆ ISO 14001:2015 Environmental Management System
- ◆ ISO 45001:2018 Occupational Health and Safety Management System

\* As there are different certification requirements in different markets, we recommend that you contact the Risen Energy sales representative in your country to obtain the specific certificates applicable to the products in the country in which they are to be used.

**About Risen Energy**

Risen Energy is one of the world's leading manufacturers of high-performance solar photovoltaic products and a provider of comprehensive business solutions for residential, commercial and utility transformation. Founded in 1986 and listed on the stock exchange since 2010, the company strives to create value for its select customers around the world. Technical and commercial innovation, backed by quality and support, determines Risen Energy's business choices, which are among the most successful and profitable in the industry. Risen Energy's local market presence and financial strength enable it to enter into strategic and mutually beneficial partnerships with its partners, increasing the value of renewable energy.

## Well-Comm Flat Roof Ballast System

**PARENTED SYSTEM**  
The Well-Comm ballast system is an innovative, patented and therefore copy/counterfeit-protected flat cover system.

**UNIQUE SYSTEM MULTIPLE**  
The Well-Comm system allows, with a single adjustable ballast, the installation of photovoltaic modules at 0° - 5° - 10° - 15° - 20° - 25° - 30°.

**WIND TUNNEL TESTED**  
The Well-Comm system has been wind tunnel tested with rollover resistance validated by TÜV Rheinland for winds above 200 km/h.

**MADE IN ITALY**  
Well-Comm products are made from 100% Italian materials.

**100% RECYCLABLE**  
Well-Comm products are made from 100% recyclable materials.

**25-YEAR WARRANTY**  
Well-Comm products are guaranteed for 25 years from the date of purchase, with unlimited replacement.

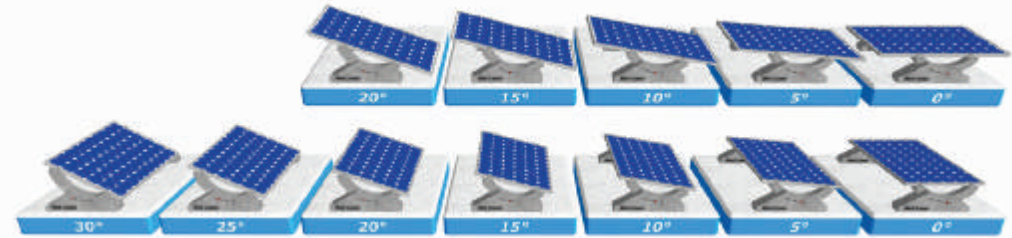

### PRODUCT ADVANTAGES

The Well-Comm ballast system is the ideal solution for photovoltaic systems on flat roofs.

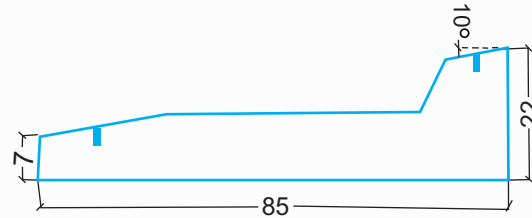

- ✓ No perforations in the slab
- ✓ Extremely quick assembly
- ✓ Individual ballast with multiple possible module tilts
- ✓ Threaded bushings for direct attachment of the modules
